Declaration Letter

FCC ID: 2AHTD-CFXCAML

To Whom It May Concern:

This device is integrated with the certified module.(FCC ID: XMR202112EC200AAU)

The antenna is designed for the host, when the module is integrated into the final product.(Transmitter module itself has not changed.)

GSM, WCDMA and LTE Bands 4/66/5/7 are disabled via software.

The device supports LTE Band 2 only

The original module test report accurately represents antenna-port conducted test results under the host application.

The Output power was verified to the same as the module. Refer to module report for antenna-port conducted test results.

For radiated test item, new test results were reported.

Sincerely,

Contact Name: Lee Seung Min
