Bluetooth 5.3

Bluetooth 5.3 supports multi-point connection, allowing you to connect to two devices simultaneously. It also offers faster data transmission and more stable connection, ensuring smoother audio playback and reduced interference.

Product Dimensions
127x127x127mm

Product Weight
0.5kg

Power Input
5V⎓2A

Battery Capacity
1200mAh

Bluetooth Version
5.3

Bluetooth Range
Up to 10 meters in an open environment

Frequency Response
Bass: 80Hz - 20kHz
Treble: 2kHz - 20kHz

Note: Actual performance may vary based on factors such as environment, device compatibility, and usage conditions.

EDIFIER®

QD35

In-House Bluetooth Speaker

v1.0 Total: 184

Bluetooth 5.3 Technology

Bluetooth 5.3 supports multi-point connection, allowing you to connect to two devices simultaneously. It also offers faster data transmission and more stable connection, ensuring smoother audio playback and reduced interference.

Bluetooth 5.3 Technologie

Bluetooth 5.3 ondersteunt multipunt-verbinding, waardoor u tegelijkertijd verbinding kunt maken met twee apparaten. Het biedt ook sneller gegevensverkeer en een stabiele verbinding, zodat u zorgt voor een soepelere audiowiedergave en minder interferentie
