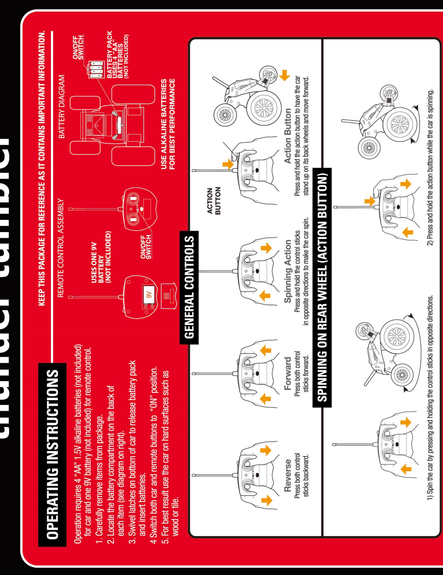
BATTERY PACK (USES 4 "AA" BATTERIES NOT INCLUDED)

USE ALKALINE BATTERIES FOR BEST PERFORMANCE

Operation requires 4 "AA" 1.5V alkaline batteries (not included) for car and one 9V battery (not included) for remote control.
1. Carefully remove items from package.
2. Locate battery pack compartment on the back of each item (see diagram on right).
3. Swivel latches on bottom of car to release battery pack and insert batteries.
4. Insert 9V battery in remote.
5. For best result use the car on hard surfaces such as wood or tile.

GENERAL CONTROLS



SAFETY PRECAUTIONS

- Do not operate during thunderstorms or rain.
- Do not operate near people or pets.
- Do not submerge car or controller in water.
- Never operate your car in a crowded area, and do not use around or in a street.
- Never operate your car in a crowded area, and do not use around or in a street.
- Do not place your car in contact with furniture, objects or hard surfaces, as they will cause damage to both the objects and the car.
- Keep your car and controller away from the sun, open and motor units.
- Do not place car in a pocket or clothing, as it may cause overheat. Overheat is harmful to your product and car
