To operate at 1435-1525MHz, 2200-2290MHz and the 2360-2390MHz Telemetry Band in Boston Massachusetts.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate within the 1435-1525 MHz, 2200-2290MHz and the 2360-2390MHz telemetry bands pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered on 1456MHz, 1476MHz, 1496MHz and 1516MHz with a 16 MHz bandwidth, 2206MHz, 2218MHz, 2230MHz, 2242MHz and 2254MHz with an 8MHz bandwidth and lastly, 2367MHz and 2384MHz with a 14MHz bandwidth from April 14, 2017 through April 18, 2017 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request to provide RF camera coverage for the 2017 Boston Marathon. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request.

Lagardere Unlimited and The Boston Athletic Association have contracted 3G Wireless, LLC to provide multiple wireless camera systems for coverage of the 2017 Boston Marathon in Boston, Massachusetts. Due to the extreme frequency congestion in the Boston Area, coupled with the added congestion from traditional Television and News coverage of area events, 3G Wireless requests the use of these channels.

3G Wireless, LLC certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA for 1.4GHz, 2.2GHz and the 2.3GHz telemetry bands would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote camera system for the event. The proposed service would enhance coverage of the events by providing on the spot pictures and camera control from mobile locations that would not otherwise be available to the production company. 3G Wireless, LLC is in the process of obtaining the consent of the relevant frequency coordinators for this project, including AFTRCC. AFTRCC has indicated its intent to forward the results of the coordination to the Commission.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:
