Glen Burnie, Maryland 21061

To Operate in the 1450-1520 MHz, 2200-2280 MHz, 2360-2390 MHz Telemetry

Band to Provide TV Coverage in the Continental United States.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 1450-1520 MHz, 2200-2280 MHz, 2360-2390 MHz Telemetry Band pursuant to Section 21.25 of the Commission's Rules.

3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 1456MHz, 1476MHz, 1496MHz, 1516MHz, 2206MHz, 2218MHz, 2230MHz and 2242MHz, 2254MHz, 2276MHz, 2364MHz, 2374MHz, 2384MHz with an 8MHz bandwidth on April 9, 2019 through April 15, 2019 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request for the Live Television Transmission of coverage of the 2019 Boston Marathon in Boston, MA. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request. Lagardere Unlimited has contracted 3G Wireless, LLC to provide the necessary microwave for the Live Transmission of this event. Due to the extreme frequency congestion in the Boston area, coupled with the added congestion from traditional television and news coverage of the special event, 3G Wireless requests the use of channels in the 1450-1520 MHz, 2200-2280 MHz, 2360-2390 telemetry band. 3G Wireless, LLC certifies that the operation of the requested channels for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 1.4MHz, 2.2MHz and 2.3MHzBand would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this event. The proposed service would enhance coverage of the event by providing on the spot pictures

from mobile locations that would not otherwise be available to the Production Company. 3G Wireless, LLC. fully intends to submit the additional paperwork to the AFTRCC as required.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:
