In re Application of

3G Wireless, LLC

501 McCormick Drive, Suite B

Glen Burnie, MD 21061

To operate at 2224MHz and 2254MHz throughout the continental United States on an “as needed” basis.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate at 2224MHz and 2254MHz pursuant to Section 21.25 of the Commission’s Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 2224MHz and 2254MHz with an 8 MHz bandwidth on March 5, 2019 until March 11, 2019 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request to provide a big screen system during the Supercross race at Daytona International Speedway for JHE’s presentation of “Daytona Supercross”. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request. CMS Productions has contracted 3G Wireless, LLC to provide a wireless big screen feed to operate within the Daytona International Speedway in Daytona, Florida for their telecast. Due to the extreme frequency congestion in the Daytona area, coupled with the added congestion from traditional Television and News coverage of area events, 3G Wireless requests the use of these channels.

Grant of the instant request for STA for 2244MHz and 2254MHz would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote camera system for television coverage. The proposed service would enhance coverage of the events by providing on the spot pictures and camera control from mobile locations that would not otherwise be available to the production company. In accordance with Section 74.633 of the commission’s Rules, the following is

provided:

Applicants Name: 3G Wireless, LLC

Address: 501 McCormick Drive, Suite B Glen Burnie, MD 21061

Type and Manufacturer of Equipment: Janteq Campac 2

Power Output: 100mw

ERP: 100mw

Emission: 16M00D7W

2224.0MHz, 16M00D7W @100mW

2244.0MHz, 16M00D7W @100mW

Area of Operation: Continental United States 2 km around Race Track

Datona International Speedway                      03.05-11.2019                      29° 11' 08"N 81° 04' 10"W

Antenna Height: 06' AGL

Antenna: 0dB Omni

Antenna Gain: 0dBi

Dates of Operation: March 5, 2019 until March 11, 2019

(Intermittent Usage during these days)

3G Wireless, LLC requests an STA to operate on the above-referenced frequency for a period not to exceed one week. No application for regular authorization will subsequently be filed.

3G Wireless, LLC certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).
