In re Application of 3G Wireless, LLC

501 McCormick Drive, Suite B, Glen Burnie, Maryland 21061

To Operate in the 430-433KHz Telemetry

Band to Provide TV Coverage in the Continental United States.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 430-433KHz Telemetry Band pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 430.0750KHz and 433KHz with an 12KHz bandwidth on April 15, 2020 through April 20, 2020 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request for the Live Television Transmission of coverage of the 2020 Boston Marathon in Boston, MA. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request. Lagardere Unlimited has contracted 3G Wireless, LLC to provide the necessary microwave for the Live Transmission of this event. Due to the extreme frequency congestion in the Boston area, coupled with the added congestion from traditional television and news coverage of the special event, 3G Wireless requests the use of channels in the 430-433KHz telemetry band. 3G Wireless, LLC certifies that the operation of the requested channels for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 430-433KHz Band would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this event. The proposed service would enhance coverage of the event by providing on the spot pictures from mobile locations that would not otherwise be available to the Production Company.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: 3G Wireless, LLC

Address: 501 McCormick Drive, Suite B, Glen Burnie Maryland 21061

Type and Manufacturer of Equipment:

Videosys CCAM

Power Output: 1W                  ERP: 1W                  Emission: 12K0F1D

Frequencies:

430.0750KHz, 12F0F1D @1W

433.0750KHz, 12F0F1D @1W

Area of Operation: Avalon Exeter, 77 Exeter Street, Boston, MA 02216 5Km around Boston.

Coordinates:

Avalon Exeter                                  04.15-20.2020                                  N 42 20 54

Boston, MA                                                                                                                  W 71 04 45

Antenna Height: 6' AGL                  Antenna: 0dB Omni                  Antenna Gain: 0dBi

Dates of Operation: April 15, 2020 – April 20, 2020 (Intermittent Usage during this day)

3G Wireless, LLC requests an STA to operate on the above-referenced frequency for a period not to exceed one Month. No application for regular authorization will subsequently be filed.

3G Wireless, LLC certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).
