In re Application of 3G Wireless, LLC

501 McCormick Drive, Suite B, Glen Burnie, MD 21061

To operate at 2200-2315 MHz throughout the continental United States on an "as needed" basis.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate at 2205MHz, 2225MHz, 2245MHz, 2272MHz, 2294MHz, 2305MHz and 2315MHz pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequency centered at 2205MHz, 2225MHz, 2245MHz, 2272MHz, 2294MHz, 2305MHz and 2315MHz with a 10 and 7MHz bandwidth from July 12, 2019 through July 14, 2019 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request to provide an additional RF camera systems to WeatherTech Raceway Laguna Seca racetrack during the Mutul FIM Superbike World Championship at Laguna Seca Raceway stop for our Client Dorna and Eurosport Channel during the presentation of "Mutul FIM Superbike World Championship". 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request. Eurosport Channel and Dorna has contracted 3G Wireless, LLC to provide wireless camera systems to operate at the WeatherTech Raceway Laguna Seca race track for their telecast. Due to the extreme frequency congestion throughout the United States, coupled with the added congestion from traditional Television and News coverage of area events, 3G Wireless requests the use of these channels.

3G Wireless, LLC certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations. Grant of the instant request for STA for 2205MHz, 2225MHz, 2245MHz, 2272MHz, 2294MHz, 2305MHz and 2315MHzwould serve the public interest by enabling 3G Wireless, LLC to supply the requested remote camera systems for television coverage. The proposed service would enhance coverage of the events by providing on the spot pictures and camera control from mobile locations that would not otherwise be available to the production company.

3G Wireless, LLC. will submit the required documentation for the 2.3MHz band to the AFTRCC. In accordance with Section 74.633 of the commission's Rules, the following is provided: Applicants Name: 3G Wireless, LLC Address: 501 McCormick Drive, Suite B Glen Burnie, MD 21061 Type and Manufacturer of Equipment: DTC (Domo Tactical Communications) Solo 7 Power Output: 100mw ERP: 100mw Emission: 10M00D7W and 7M00D7W Frequency: 2205 MHz, @100mW, 7M00D7W 2225MHz, @100mW, 10M00D7W 2245MHz, @100mW, 10M00D7W 2272MHz, @100mW, 10M00D7W 2294MHz, @100mW, 7M00D7W 2305MHz, @100mW, 10M00D7W 2315MHz, @100mW, 7M00D7W Area of Operation: WeatherTech Raceway Laguna Seca 3.6 km around Race Track 07.12-14.2019 36° 35' 03" N 121° 45' 13" W Laguna Seca Raceway Antenna Height: 06' AGL Antenna: 0dB Omni Antenna Gain: OdBi Dates of Operation: July 12, 2018 - July 14, 2019

(Intermittent Usage during these days)

3G Wireless, LLC requests an STA to operate on the above-referenced frequency for a period not to exceed one month. No application for regular authorization will subsequently be filed. 3G Wireless, LLC certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C ξ 853(a). Should you have any questions regarding this matter, please contact, Stephen Tobias, by telephone 410 564 9291. Respectfully submitted, By: Stephen Tobias Frequency Coordinator
