In Application of 3G Wireless, LLC 501 McCormick Drive Suite B, Glen Burnie, MD 21061

To operate at 2282-2290MHz at Real Salt Lake Academy in Herriman, UT on an "as needed" basis.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate at 2282-2290MHz pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 2286MHz with an 8 MHz bandwidth from July 24, 2020 through August 9, 2020 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request to provide one RF camera system to Real Salt Lake Academy in Herriman, UT for the Professional Lacrosse League season for NBC's presentation of "(PLL) Professional Lacrosse League games". 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request. NBC/NBCSN has contracted 3G Wireless, LLC to provide one wireless camera system to operate within Real Salt Lake Academy for their telecasts. Due to the extreme frequency congestion throughout Utah, coupled with the added congestion from traditional coverage of area events, 3G Wireless requests the use of this single channel.

3G Wireless, LLC certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations. Grant of the instant request for STA for 2286MHz would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote camera system for television coverage. The proposed service would enhance coverage of the events by providing on the spot pictures from mobile locations that would not otherwise be available to the production company.

In accordance with Section 74.633 of the commission's Rules, the following is provided:
