3G Wireless, LLC

501 McCormick Drive, Suite B

Glen Burnie, MD 21061

To operate at 2204 MHz throughout the
continental United States on an "as needed" basis.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate at 2204 MHz pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequency centered at 2204MHz with a 8 MHz bandwidth from June 21, 2018 through June 25, 2018 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request on behalf of Dorna to provide an additional RF camera system to WeatherTech Raceway Laguna Seca racetrack during the Moto America Laguna Seca Raceway stop for our Client Dorna and ImaginaUS during the presentation of "Moto America Racing". 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request. ImaginaUS has contracted 3G Wireless, LLC to provide wireless camera systems to operate at the WeatherTech Raceway Laguna Seca race track for their telecast. Due to the extreme frequency congestion throughout the United States, coupled with the added congestion from traditional Television and News coverage of area events, 3G Wireless requests the use of these channels.

3G Wireless, LLC certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations. Grant of the instant request for STA for 2204MHz would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote camera systems for television coverage. The proposed service would enhance coverage of the events by providing on the spot pictures and camera control from mobile locations that would not otherwise be
