In Application of 3G Wireless, LLC. 501 McCormick Drive, Suite, Glen Burnie, Maryland 21061

To Operate in the 2218-2290 MHz and 2360-2378 MHz Telemetry Band to Provide TV Coverage in the Continental United States.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 2218-2290 MHz and 2360-2378 MHz Telemetry Band pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 2226MHz, 2243MHz and 2260MHz with a 17MHz bandwidth, as well as 2276MHz, 2286MHz, 2364MHz and 2374MHz with an 8MHz bandwidth on December 6, 2019 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request for the Live Television Transmission of ESPN's coverage of the Pac 12 Conference Championship football game at Levi's Stadium in Santa Clara, CA. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request. ESPN/ABC has contracted 3G Wireless, LLC to provide the necessary microwave for the Live Transmission of this event. Due to the extreme frequency congestion in the Santa Clara area, coupled with the added congestion from traditional television and news coverage of the special event, 3G Wireless requests the use of channels in the 2218-2290MHz and 2360-2378MHz telemetry band. 3G Wireless, LLC certifies that the operation of the requested channels for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 2.2MHz and 2.3MHz Band would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this event. The proposed service would enhance coverage of the event by providing on the spot pictures from mobile locations that would not otherwise be available to the Production Company.

3G Wireless will submit the additional required paperwork to the AFTRCC for the request 2.3MHz frequencies.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:
