In re Application of

3G Wireless, LLC  
501 McCormick Drive, Suite B  
Glen Burnie Maryland 21061

To Operate in the 2200-2290MHZ Telemetry Band  
to Provide TV Coverage in Washington, D.C..

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 2200-2290MHz Telemetry Band pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it special temporary authority to operate on the frequency centered on 2282.0MHZ with a 16 MHZ bandwidth from March 30, 2016 through April 30, 2016 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request for the live television transmission of the "Premier Boxing Championship". 3G Wireless submits that there are extraordinary circumstances warranting a grant of the STA request.

Kavis Productions has contracted 3G Wireless, LLC to provide the necessary microwave for the live transmission of this event. Due to the extreme frequency congestion in the Washington, D.C. area, coupled with the added congestion from traditional Television and News coverage of the special event, 3G Wireless, LLC requests the use of channels in the 2200-2390MHz Telemetry Band.

3G Wireless, LLC certifies that the operation of the requested channels for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 2.2GHz bands would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this event. The proposed service would enhance coverage of the event by providing on the spot pictures from mobile locations within the event that would not otherwise be available to the Production Company.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: 3G Wireless, LLC  
Address: 501 McCormick Drive, Suite B  
Glen Burnie, Maryland 21061

Type and Manufacturer  
Of Equipment: Janteq Campac-2

Power Output: 100mW

ERP: 200mW

Emission: 16M00D7W

Frequencies: 2282.0000MHz, 16M00D7W @200mW TERRESTRIAL

Area of Operation: 1km

Coordinates:           N 38 53 20.56  
                              W 076 58 31.93

Antenna Height:       06' AGL

Antenna:               2dB Omni

Antenna Gain:         2dBi

Dates of Operation:   March 30, 2016 – April 30, 2016.  
                              (Intermittent usage during these days)

3G Wireless, LLC requests an STA to operate on the above-referenced frequencies for a period not to exceed 60 days. No application for regular authorization will subsequently be filed.

3G Wireless, LLC certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).

Should you have any questions regarding this matter, please contact, John Winch, by telephone 626 676 1470.

Respectfully submitted,

By:     John Winch
