In re Application of

3G Wireless, LLC
501 McCormick Drive, Suite B
Glen Burnie Maryland 21061

To Operate in the 2200-2290MHz and 1435-1525MHz Telemetry
Band to Provide TV Coverage in the Salt Lake City, Utah area.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 2200-2290MHz and the 1435-1525MHz Telemetry Bands pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it special temporary authority to operate on the frequencies centered on 2210MHz, 2225MHz, 2240MHz, 2250MHz with a 10MHz bandwidth, 1499.5MHz and 1516.5MHz with a 16 MHz bandwidth from August 05, 2012 through August 13, 2012 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request for the live television transmission of "The Tour of Utah" road bicycle race. 3G Wireless submits that there are extraordinary circumstances warranting a grant of the STA request.

Larry H. Miller Group has contracted 3G Wireless, LLC to provide the necessary microwave for the live transmission of this six stage event. Due to the extreme frequency congestion in the Salt Lake City, Utah area, coupled with the added congestion from traditional Television and News coverage of the special event, 3G Wireless, LLC requests the use of channels in the 2200-2290MHz and the 1435-1525MHz Telemetry Band. A complete map of the race stages can be found on the Tour of Utah web-site, <http://www.tourofutah.com>.

3G Wireless, LLC certifies that the operation of the requested channels for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 2.2GHz band and the 1.4GHz band would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this Event. The proposed service would enhance coverage of the event by providing on the spot pictures from mobile locations along the race route that would not otherwise be available to the Production Company. 3G Wireless, LLC is in the process of obtaining the consent of the relevant frequency coordinators for this project, including AFTRCC. AFTRCC has indicated its intent to forward the results of the coordination to the Commission.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: 3G Wireless, LLC
Address: 501 McCormick Drive, Suite B
Glen Burnie, Maryland 21061

Type and Manufacturer
Of Equipment: Janteq Campac-2

Power Output: 100mW

ERP: 5W

Finish N 40 34 46.13
 W 111 39 36.64

Receive site N 40 33 39.01
 W 111 38 41.43

Stage 6: Start N 40 38 47.45
 W 111 29 50.41

Finish N 40 38 47.20
 W 111 29 43.73

Receive site N 40 36 31.74
 W 111 28 49.68

Antenna Height: Fixed wing up to 20,000' ASL
 Two (2) Motorcycles 06' AGL

Antenna: 2dB Omni

Antenna Gain: 2dBi

Dates of Operation: August 05, 2011 – August 13, 2011
 (Intermittent Usage during these days)

3G Wireless, LLC requests an STA to operate on the above-referenced frequencies for a period not to exceed 60 days. No application for regular authorization will subsequently be filed.

3G Wireless, LLC certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).

Should you have any questions regarding this matter, please contact, John Winch, by telephone 626 676 1470.

Respectfully submitted,

By: John Winch
 Frequency Coordinator
