In re Application of

3G Wireless, LLC
501 McCormick Drive, Suite B
Glen Burnie, MD 21061

To operate at 1392.5 MHz throughout the continental United States on an "as needed" basis.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate at 1392.5 MHz pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequency centered at 1392.5 MHz with a 5 MHz bandwidth from August 02 through December 31, 2014 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request to perform the testing associated with a new camera telemetry system. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request.

The purpose for the experimental license is to perform ongoing testing of both camera telemetry and return video applications as they relate to video services. Due to the extreme frequency congestion throughout the United States, coupled with the added congestion from traditional Television and News coverage of area events, 3G Wireless requests the use of this channel.

3G Wireless, LLC certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA for 1392.5 MHz would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote camera telemetry test. The proposed service would enhance coverage of the events by providing on the spot pictures and camera control from mobile locations that would not otherwise be available to the production company.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: 3G Wireless, LLC
Address: 501 McCormick Drive, Suite B
Glen Burnie, MD 21061

Type and Manufacturer
Of Equipment: adaptiveRF IPM-2

Power Output: 500mw

ERP: 500mw

Emission: 5M00D7W

Frequency: 1392.5 MHz

Area of Operation: Continental United States

Coordinates: N 39 08 19.61
W 094 35 31.47

Antenna Height: 06' AGL
Antenna: 2dB Omni
Antenna Gain: 2dBi
Dates of Operation: August 02, 2014 – December 31, 2014
(Intermittent Usage during these days)

3G Wireless, LLC requests an STA to operate on the above-referenced frequency for a period not to exceed six months. No application for regular authorization will subsequently be filed.

3G Wireless, LLC certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).

Should you have any questions regarding this matter, please contact, John Winch, by telephone 626 676 1470.

Respectfully submitted,

By: John Winch
