In re Application of

3G Wireless, LLC
501 McCormick Drive, Suite B
Glen Burnie, MD 21061

To operate at 2258MHz and 2286MHz throughout the continental United States on an "as needed" basis.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate at 2258MHz and 2286MHz pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 2258MHz and 2286MHz with a 16 MHz bandwidth from October 20 through October 30, 2014 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request to provide one RF camera systems to various baseball stadiums throughout the country during the Major League Baseball playoff season. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request.

ESPN has contracted 3G Wireless, LLC to provide wireless camera systems to operate within the Major League Baseball stadiums throughout the continental United States. Due to the extreme frequency congestion throughout the United States, coupled with the added congestion from traditional Television and News coverage of area events, 3G Wireless requests the use of these channels.

3G Wireless, LLC certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA for 2258MHz and 2286MHz would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote camera systems. The proposed service would enhance coverage of the events by providing on the spot pictures and camera control from mobile locations that would not otherwise be available to the production company.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name:	3G Wireless, LLC		
Address:	501 McCormick Drive, Suite B Glen Burnie, MD 21061		
Type and Manufacturer Of Equipment:	Janteq CamPac2		
Power Output:	100mw		
ERP:	100mw		
Emission:	16M00D7W		
Frequency:	2258MHz 2286MHz		
Area of Operation:	Continental United States .5km around MLB arenas		
Coordinates:	Camden Yard	10/21, 22, 28,29/2014	N 39 17 02.24 W 076 37 17.82

Dodger Stadium	10/24-26/2014	N 34 04 26 W118 14 23.81
