To Operate in the 2.2 GHz Band to Provide
TV Coverage in New York City, New York

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 2.2GHz Band pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequency centered at 2211MHz with an 8MHz bandwidth September 01, 2013 through October 30, 2013 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request to test new microwave technology for the Live Television Transmission of Major League Baseball games at Yankee Stadium, to be held in the Bronx, New York. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request.

Turner Sports has contracted 3G Wireless, LLC to provide the necessary microwave for the live transmission of this event. Due to the extreme frequency congestion in the New York City area, coupled with the added congestion from traditional Television and News coverage of the special event, 3G Wireless requests the use of channels in the 2.2GHz Band.

3G Wireless, LLC certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 2.2GHz band would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this event. The proposed service would enhance coverage of the event by providing on the spot pictures from mobile locations within the stadium that would not otherwise be available to the production company. 3G Wireless, LLC is in the process of obtaining the consent of the relevant frequency coordinators for this project.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: 3G Wireless, LLC
Address: 501 McCormick Drive, Suite B
Glen Burnie, MD 21061

Type and Manufacturer
Of Equipment: Janteq Bondi

Power Output: 50mw

ERP: 50mw

Emission: 8M00D7W

Frequencies: 2211.0000MHz

Area of Operation: .5 Kilometer

Coordinates: N 40 49 46.61
 W 73 55 34.73

Antenna Height: 06' AGL

Antenna: 2dB Omni

Antenna Gain: 2dBi

Dates of Operation: September 01, 2013 – October 30, 2013
 (Intermittent Usage during these days)

3G Wireless, LLC requests an STA to operate on the above-referenced frequencies for a period not to exceed 60 days. No application for regular authorization will subsequently be filed.

3G Wireless, LLC certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).

Should you have any questions regarding this matter, please contact, John Winch, by telephone 626 676 1470.

Respectfully submitted,

By: John Winch
