In re Application of

3G Wireless, LLC
501 McCormick Drive, Suite B
Glen Burnie Maryland 21061

To Operate in the 1435-1525MHz and the 2200-2290MHz Telemetry
Band to Provide TV Coverage in New York, New York.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 1435-1525MHz and the 2200-2290MHz Telemetry Bands pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it special temporary authority to operate on the frequencies centered 1443.0MHz, 1461.0MHz, 1479.0MHz, 1496.0MHz, 1514.0MHz, 2266.0MHz and 2286.0MHz with a 16 MHz bandwidth, from September 21, 2015 through September 28, 2015 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request for the live television transmission of "Pope Francis visits New York" as he transitions from 112th Street to 34th Street along 5th Avenue. 3G Wireless submits that there are extraordinary circumstances warranting a grant of the STA request.

CBS has contracted 3G Wireless, LLC to provide the necessary microwave for the live transmission of this event. Due to the extreme frequency congestion in the New York City area, coupled with the added congestion from traditional Television and News coverage of the special event, 3G Wireless, LLC requests the use of channels in the 1435-1525MHz and 2200-2290MHz, Telemetry Band.

3G Wireless, LLC certifies that the operation of the requested channels for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 1.4GHz and the 2.2GHz bands would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this event. The proposed service would enhance coverage of the event by providing on the spot pictures from mobile locations along the race route that would not otherwise be available to the Production Company. 3G Wireless, LLC is in the process of obtaining the consent of the relevant frequency coordinators for this project, including AFTRCC. AFTRCC has indicated its intent to forward the results of the coordination to the Commission.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: 3G Wireless, LLC
Address: 501 McCormick Drive, Suite B
Glen Burnie, Maryland 21061

Type and Manufacturer
Of Equipment: Janteq Campac-2

Power Output: 100mW

ERP: 200mW

Emission: 16M00D7W

Frequencies: 1443.0000MHz @200mW TERRESTRIAL
1461.0000MHz @200mW TERRESTRIAL
1479.0000MHz @200mW TERRESTRIAL
1496.0000MHz @200mW TERRESTRIAL
1514.0000MHz @200mW TERRESTRIAL
2262.0000MHz @200mW TERRESTRIAL
2282.0000MHz @200mW TERRESTRIAL

Area of Operation: 5km

Coordinates: N 40 46 16.29
W 073 57 42.02

Antenna Height: 06' AGL

Antenna: 2dB Omni

Antenna Gain: 2dBi

Dates of Operation: September 21, 2015 – September 28, 2015.
(Intermittent Usage during these days)

3G Wireless, LLC requests an STA to operate on the above-referenced frequencies for a period not to exceed 60 days. No application for regular authorization will subsequently be filed.

3G Wireless, LLC certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).

Should you have any questions regarding this matter, please contact, John Winch, by telephone 626 676 1470.

Respectfully submitted,

By: John Winch
Frequency Coordinator
