In re Application of

3G Wireless, LLC
501 McCormick Drive, Suite B
Glen Burnie, MD 21061

To operate at 1435-1525MHz and 2200-2290MHz Telemetry Band and the UHF Band in Boston Massachusetts.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate within the 1435-1525 MHz and the 2200-2290MHz telemetry bands pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 1476MHz with a 16 MHz bandwidth, 2266MHz and 2286MHz with an 8MHz bandwidth from December 08 through December 14, 2014 with intermittent usage. Additionally, 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 450.8250MHz and 455.8250MHz with a 12.5KHz bandwidth from December 08 through December 14, 2014 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request to test RF coverage for the 2015 Boston Marathon. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request.

Lagardere Unlimited has contracted 3G Wireless, LLC to test a wireless camera system to provide coverage of the 2015 Boston Marathon in Boston, Massachusetts. Due to the extreme frequency congestion in the Boston Area, coupled with the added congestion from traditional Television and News coverage of area events, 3G Wireless requests the use of this channel.

3G Wireless, LLC certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA for 1.4GHz and 2.2GHz would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote camera system for the event. The proposed service would enhance coverage of the events by providing on the spot pictures and camera control from mobile locations that would not otherwise be available to the production company. 3G Wireless, LLC is in the process of obtaining the consent of the relevant frequency coordinators for this project, including AFTRCC. AFTRCC has indicated its intent to forward the results of the coordination to the Commission.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: 3G Wireless, LLC
Address: 501 McCormick Drive, Suite B
Glen Burnie, MD 21061

Type and Manufacturer
Of Equipment: Janteq CamPac2

Power Output: 100mw into P/A

ERP: **5W**

Emission: 16M00D7W
8M00D7W

Frequency: 1476.0MHz **AERIAL**
2266.0MHz **TERRESTRIAL**
2286.0MHz **TERRESTRIAL**

Type and Manufacturer
Of Equipment: Motorola CDM 1250

Power Output: 1W

ERP: 1W

Emission: F3E

Frequency: 450.8250MHz
455.8250MHz

Area of Operation: 25km

Coordinates: N 42 17 17.95
W 071 18 19.95

Antenna Height: **HELICOPTER @ OR BELOW 2000'**
06' AGL

Antenna: 2dB Omni

Antenna Gain: 2dBi

Dates of Operation: December 08, 2014 – December 14, 2014
(Intermittent Usage during these days)

3G Wireless, LLC requests an STA to operate on the above-referenced frequency for a period not to exceed six months. No application for regular authorization will subsequently be filed.

3G Wireless, LLC certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).

Should you have any questions regarding this matter, please contact, John Winch, by telephone 626 676 1470.

Respectfully submitted,

By: John Winch
Frequency Coordinator
