In re Application of

3G Wireless, LLC
501 McCormick Drive, Suite B
Glen Burnie Maryland 21061

To Operate in the 1435 -1525MHz Telemetry
Band to Provide Television Coverage in Pasadena, California.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 1435-1525MHz telemetry band pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequency centered on 1510MHz with a 16MHz on October 10, 2015 with intermittent usage and ceasing operation on October 10, 2015. As explained below, 3G Wireless, LLC is filing an STA request for the coverage of a Major League Soccer game at the Rose Bowl in Pasadena, California. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request.

Concacaf has contracted 3G Wireless, LLC to provide the necessary microwave for the wireless camera coverage for this event. Due to the extreme frequency congestion in and around the Pasadena area, coupled with the added congestion from traditional Television and News coverage of the special event, RF Film Inc., requests the use of channels in the 1435 - 1525 MHz Telemetry Band.

3G Wireless, LLC certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 1.4GHz band would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this event. The proposed service would enhance coverage of the event by providing on the spot pictures from mobile locations that would not otherwise be available to the production company. 3G Wireless, LLC is in the process of obtaining the consent of the relevant frequency coordinators for this project, including AFTRCC. AFTRCC has indicated its intent to forward the results of the coordination to the Commission.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: 3G Wireless, LLC
Address: 501 McCormick Drive, Suite B
Glen Burnie Maryland 21061

Type and Manufacturer
Of Equipment: Janteq

Power Output: 100mW

ERP: 100mW

Emission: 16M00D7W

Frequency: 1510.0000MHz @ 100mW, 16M00D7W TERRESTRIAL

Area of Operation: .5 Kilometers

Coordinates: N 34 09 40.78
W 118 10 03.53

Antenna Height: 6' AGL

Antenna: 2.0dB Omni

Antenna Gain: 2.0dBi

Dates of Operation: October 10, 2015 through October 10, 2015.
(Intermittent Usage during this time Period)

3G Wireless, LLC. requests an STA to operate on the above-referenced frequency for a period not to exceed 30 days. No application for regular authorization will subsequently be filed.

RF Film, Inc. certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).

Should you have any questions regarding this matter, please contact John Winch, telephone 626 676 1470 and fax 866 986 3456.

Respectfully submitted,

By: John Winch
