In re Application of

3G Wireless, LLC
501 McCormick Drive, Suite B
Glen Burnie, MD 21061

To operate within the 2200-2290MHz telemetry band to provide television coverage in Lexington, Kentucky.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate at 2256MHz and 2276MHz pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 2256MHz and 2276MHz with a 16 MHz bandwidth from October 29, 2015 through November 01, 2015 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request to provide two RF camera systems for TVG's coverage of the 2016 Breeder's Cup at Keeneland in Lexington, Kentucky. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request.

TVG has contracted 3G Wireless, LLC to provide the wireless camera systems to operate within the race track for the event. Due to the extreme frequency congestion throughout the United States, coupled with the added congestion from traditional Television and News coverage of area events, 3G Wireless requests the use of these channels.

3G Wireless, LLC certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA for 2256MHz and 2276MHz would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote camera systems for television coverage. The proposed service would enhance coverage of the events by providing on the spot pictures and camera control from mobile locations that would not otherwise be available to the production company.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name:	3G Wireless, LLC	
Address:	501 McCormick Drive, Suite B Glen Burnie, MD 21061	
Type and Manufacturer Of Equipment:	Janteq CamPac2	
Power Output:	100mw	
ERP:	100mw	
Emission:	16M00D7W	
Frequency:	2256MHz, 16M00D7W @100mW 2276MHz, 16M00D7W @100mW	TERRESTRIAL TERRESTRIAL
Area of Operation:	5 km	

Coordinates: N 38 02 46.07
W084 36 28.83

Antenna Height: 06' AGL

Antenna: 2dB Omni

Antenna Gain: 2dBi

Dates of Operation: October 29, 2015 – November 01, 2015
(Intermittent Usage during these days)

3G Wireless, LLC requests an STA to operate on the above-referenced frequency for a period not to exceed six months. No application for regular authorization will subsequently be filed.

3G Wireless, LLC certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).

Should you have any questions regarding this matter, please contact, John Winch, by telephone 626 676 1470.

Respectfully submitted,

By: John Winch
Frequency Coordinator
