In Application of 3G Wireless, LLC

501 McCormick Drive Suite B, Glen Burnie, Maryland 21061

To Operate in the 2210-2230MHz Telemetry Band to Provide TV Coverage throughout U.S.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 2210-2230MHz Telemetry Band pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 2216MHz, 2226MHz with an 8MHz bandwidth from July 16, 2019 through July 26, 2019 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request for the Live Television Transmission of the "International Champions Cup Soccer" soccer tournament in various U.S. cities. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request. Broadcast Solutions International LLC. has contracted 3G Wireless, LLC to provide the necessary microwave for the Live Transmission of this Event. Due to the extreme frequency congestion throughout the United States, coupled with the added congestion from traditional Television and News coverage of the special event, 3G Wireless requests the use of channels in the 2210-2230MHz Telemetry Band. 3G Wireless, LLC certifies that the operation of the requested channels for the Purposes specified herein will not cause interference to any established stations. Grant of the instant request for STA in the 2.2GHz Band would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this event. The proposed service would enhance coverage of the event by providing on the spot pictures from mobile locations that would not otherwise be available to the Production Company.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: 3G Wireless, LLC

Address: 501 McCormick Drive Suite B, Glen Burnie Maryland 21061

Type and Manufacturer of Equipment: Domo Tactical Communications (DTC) Solo 7

Power Output: 100mw

ERP: 100mW

Emission: 8M00D7W

Frequencies: 2216.0 MHz, 2226.0 MHz, 8M00D7W

Area of Operation: 3 Kilometers

Coordinates:

|                            |            |               |
|----------------------------|------------|---------------|
| SeatGeek Stadium           | 07.16.2019 | N 41 45 53    |
