To Operate in the 2230-2290, 2360-2390, 3560-3600 MHz Telemetry

Band to Provide TV Coverage in the Continental United States.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 2230-2290MHz, 2360-2390MHz and 3560-3600MHz Telemetry Band pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 2224MHz, 2234MHz, 2244MHz, 2254MHz, 2264MHz, 2274MHz, 2284MHz, 2364MHz, 2374MHz, 2384MHz, 3566MHz, 3576MHz, 3586MHz and 3596MHz with an 8MHz bandwidth on December 29, 2018 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request for the Live Television Transmission of ESPN College Football covering the "Goodyear Cotton Bowl" Semi-final football game at AT & T Stadium in Arlington, TX. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request. ESPN/ABC has contracted 3G Wireless, LLC to provide the necessary microwave for the Live Transmission of this event. Due to the extreme frequency congestion in the Arlington area, coupled with the added congestion from traditional television and news coverage of the special event, 3G Wireless requests the use of channels in the 2230-2290MHz, 2360-2390, and 3560-3600MHz telemetry band. 3G Wireless, LLC certifies that the operation of the requested channels for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 2.2MHz, 2.3MHz and 3.5MHz Band would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this

event. The proposed service would enhance coverage of the event by providing on the spot pictures from mobile locations that would not otherwise be available to the Production Company.

3G Wireless will file all additional paperwork to the AFTRCC for the frequencies requested above.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:
