To Operate in the 450MHz, 2200-2290MHz and 2360-2390MHz Telemetry Bands to Provide TV Coverage in San Bernardino, California.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 450MHz, 2200-2290MHz and 2360-2390MHz Telemetry Bands pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grant it temporary authority to operate on the frequencies centered at 490.2125MHz, 490.5750MHz, 491.3375MHz, 491.7750MHz, 492.0125MHz, 492.9875MHz with a 12.5KHz bandwidth and 2205MHz, 2215MHz, 2225MHz, 2235MHz, 2245MHz, 2255MHz, 2265MHz, 2275MHz, 2285MHz, 2365MHz, 2375MHz, 2385MHz with a 8MHz bandwidth, from May 07, 2013 through May 11, 2013 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request for the Live Television Transmission of the Red Bull moto-cross event "X-Fighter" in San Bernardino, California at the Glen Helen Raceway. 3G Wireless, LLC submits that there are extraordinary circumstances warranting a grant of the STA request.

Red Bull Media has contracted 3G Wireless, LLC to provide the necessary microwave for the Live Transmission of this Event. Due to the extreme frequency congestion in the San Bernardino area, coupled with the added congestion from traditional Television and News coverage of the special event, 3G Wireless requests the use of channels in the 450MHz 2200-2290MHz and 2360-2390MHz Telemetry Band.

3G Wireless, LLC certifies that the operation of the requested channels for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 2.2GHz and 2.3GHz Band would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this event. The proposed service would enhance coverage of the event by providing on the spot pictures from mobile locations that would not otherwise be available to the Production Company.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:
