

Description of the Application
Answer to Item 7

By the instant application, 4-D Security Solutions, Inc. ("Applicant") is seeking Commission authorization to modify its experimental license for Station WD2XZC. Specifically, Applicant proposes to add four (4) radar beacons to its existing network of radar systems at its Headquarters office at South Plainfield, New Jersey.

It should be noted that the instant modification application is part of the project being funded by the Department of Homeland Security to enhance the airport security at four (4) major airports within the New York City area. Therefore, Applicant is respectfully requesting that the Commission process and grant the instant application as expeditiously as possible. The following is the contract number and the contact information of the person in charge of the project at Port Authority of New York and New Jersey:

MFA-134.308
Mr. Rainer Burger, PSP
PIDS Project Manager
rburger@panynj.gov
(201) 595-4757

It should be also noted that the FCC Office of Engineering and Technology had already reviewed and granted Applicant's request for expedited action with respect to Applicant's original application for the above-referenced experimental license which was submitted to the FCC Office of Engineering and Technology on September 21, 2006 under File No.: 0554-EX-PL-2006.
