Message:

The radar is an integrated part of the mobile surveillance Vehicle (MSU). The MSU was developed as tool for the use of Law Enforcement agencies throughout the United States to counter, deter and provide tactical and intelligence support against the threat of terrorism, illegal immigration, state and local law enforcement, maritime security and critical infrastructure. The MSU with Radar is shown, demonstrated and to Law enforcement agencies through the US including the Customs and Border Patrol, Federal Air Marshalls, Class 1 Rail Police, Amtrak, various state and local agencies in either private or industry settings. The MSU with Radar also has been accepted and is available to Federal Agencies under the US Government Wide Acquisition Contacts: TAC Com (DHS) Contract Number HSSS01-12-D-0005 and ECSIII NITAAC's ELCTRONIC Commodities Store, Contract Number HHSN2639999004361.
