Subject: Additional Information Request

Message:

Please address the following questions and concerns:

- 1) Remove the foreign earth stations from your application and from your exhibits. Only include locations that are within the US&P.
- 2) Provide a NOAA approval letter since your application involves imaging.
- 3) Provide a signed copy of the ODAR. The document you provided is unsigned.
- 4) Provide Earth station and space station antenna beam diagrams
- 5) Please provide the ITU cost recovery letter. A template will be emailed to you separately.
- 6) Fill out the NTIA Space Record form. A template will be emailed to you separately.
- 7) Provide Space Cap cover letter.
- 8) The FCC's International Bureau requires the submission of SpaceCap data in order to complete evaluation of your application. In accordance with the provisions of Article 9.1 and Appendix 4 of the Radio Regulations, mandatory submission of a SpaceCap file for each individual space station is required. The software and instructions may be downloaded from the ITU link <http://www.itu.int/en/ITU-R/software/Pages/spacecap.aspx>.
- 9) Submit your Space Cap file (mdb file format) to the application under the "Microsoft Access Database" folder.
- 9) Make sure that the frequency in the SpaceCap matches to that in the form 442, NTIA Space Record form, NOAA approval.
- 10) Correct all the fatal errors in the SpaceCap file.
- 11) Your exhibit states. "ACME has contracted with KSAT to provide ground-based telemetry, tracking, and command ("TT&C")/space operations for HORIS. KSAT will file a separate application to modify its license to add HORIS as an additional point of communication."

Has KSAT already filed to add HORIS as an additional Point of Communication? If yes, what's the file number for that application? If they have filed for ground station then the S-band at Los Angeles included in this application would be a duplicate of that?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of May 19, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
