Subject: Additional Information Request

Message:

Hello,

Per reference number, 63934, please note that the corrected and updated forms, both the Narrative and the NTIA space record documents have been updated to reflected a single orbit of 550 km as well as contain corrections previously requested such as within the Narrative, correcting the LAT and LON in DDSSMM, providing a single orbit at 550 km, and correction for LTAN (not descending node as previously stated).

The correct document versions are ACME Narrative and Technical Overview_Exhibit 1 v4.4
and
New NTIA Space Record Data.V4.1

Thank you,
Richard
