Hello,

In reference to 64252, we have used the current DRAMA version (3.0.4) to rerun the calculations which have been used to update our ODAR title and attached as "MyRadar ODAR signed by Andy Green.pdf";

We have also updated the ODAR to reference a PocketQube track-ability study completed by LeoLabs titled "Leolabs PocketQube Trackability Report-1.pdf";  
Please review and let us know if you have any further questions.

Thank you again for your time and support.
