Subject: Additional Information Request

Message:

Please address the following questions and concerns:

- 1) Please provide a copy of the KSAT earth station license that will be used in coordination with this filing.

- 2) Please remove, or request additional licenses, for the 2 additional notices included in the spacecap, TRSI4 and HORIS. This experimental filing is only for one MyRadar spacecraft.

- 3) The spacecap is missing orbital information for the MyRadar spacecraft. The orbital plane information in the Notice tab is missing.
Please include all uplink information, to include earth stations, in the spacecap.

- 4) The applicant will need to provide an updated NTIA document, to include all space-to-earth information (to include each receiving earth station) and all earth-to-space information (to include each transmitting earth station)

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of November 18, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
