Ref: Renewal of **KK2XGL**

To Who it may Concern:

This is to attest to the fact that the changes in the company name and mailing address represent no corporate structure change. The company name involves dropping the word "Group" and deleting unnecessary reference to the division.

The mailing address involves a physical move to a nearby location that occurred during the previous license period.

We hope this slight modification of our request meets with your approval and will result in timely renewal of the authorization.

Thank you in advance for your early attention to this matter. If we can provide any additional information to expedite the process, please do not hesitate to contact the undersigned.
