

EXHIBIT TO FCC FORM 703

Antel International, Inc. ("Licensee") was sold to Amphenol Corporation ("Transferee") as of October 31, 2003 in connection with the purchase of all of the outstanding shares of capital stock of Licensee. Transferee became aware of the existence of the license for experimental station WA2XTN, XO coincident with the closing of the sale. Because the license relates to a relatively small portion of the Licensee's assets, the parties proceeded with the closing, and agreed to file the instant application as soon as possible following the Closing. Transferee adopted resolutions as of October 31, 2003 to amend the Certificate of Incorporation of Licensee to, among other things, change Licensee's name to Amphenol Antel, Inc. Said amendment was filed with the Office of the Illinois Secretary of State on November 6, 2003.

The former officers and directors of Licensee resigned as of the closing of the sale of Licensee. Subsequently, Transferee elected Martin H. Loeffler as the sole director of Licensee. The following individuals were elected to the offices set forth adjacent to their names:

Martin H. Loeffler
Edward G. Jepsen
Edward C. Wetmore

Chairman, President and CEO
Executive Vice President and CFO
Secretary and General Counsel
