Subject: Additional Information Request

Message:

Please address the following questions and concerns:

- 1) How long is required from start of a propulsive maneuver to achieve a 10 km altitude change?
- 2) How long does it take to process a CDM, from time of receipt, to make an initial determination of whether a propulsive maneuver might be required?
- 3) Assuming it is known that a propulsive maneuver is not an option, how long does it take to process a CDM, from time of receipt, to make an initial determination of whether a drag maneuver might be required?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 21, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
