Re: License Renewal Call Sign: KE2XGA, File #8923-EX-R-89

Dear Mr. Wright,

On December 1, 1989, The Federal Communications Commission renewed American Telephone and Telegraph Bell Laboratories' license for Experimental Radio Station Call Sign: KE2XGA.

AT&T hereby respectfully requests that this license be renewed.

I apologize for not filing 60 days in advance, however due to retirements and restructuring, I was assigned the additional responsibility of maintaining the licenses for Experimental Radio effective October 20, 1991.

If you have any questions or concerns, please contact me on (908) 234-3183.

Respectfully submitted,

A handwritten signature in cursive script that reads "Stanley Edinger".
