Re: WD2XDQ, File No. 0042-EX-RR-2007

Dear Ms. Dortch:

AT&T Corp. ("AT&T") hereby responds to the comments filed on August 17, 2007 by AFTRCC concerning the above-referenced AT&T application to renew experimental license WD2XDQ, which authorizes experimental testing activities using various frequencies, including the band 2385-2390 MHz.¹

AFTRCC states that the band 2385-2390 MHz is designated exclusively for flight test telemetry and requests that the Commission exclude this band from this authorization. AT&T has no objection to the modification requested by AFTRCC. AT&T respectfully requests the Commission to grant the requested license renewal as modified in accordance with this request.

Please contact the undersigned with any questions.

Respectfully submitted,

A handwritten signature in dark ink that reads "James J. R. Talbot".

James J. R. Talbot

Copy to: James Burtle, FCC
William H. Keane, Counsel for AFTRCC

¹ Letter dated August 17, 2007 to Ms. Marlene H. Dortch, Secretary, FCC, from William K. Keane, Counsel for AFTRCC.
