Dear Federal Communications Commission:

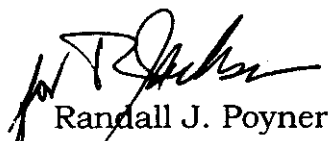

AT&T Corp. respectfully requests a new Experimental license. The purpose of this license is to allow AT&T Laboratories and other AT&T groups to do testing of waveform and link properties of a new wireless communications system.

Attached is a FCC Remittance Advance Form (FCC Form 159) for authorization to charge the amount of \$45.00 to cover the FCC filing fee associated with this application.

Any questions or concerns should be addressed to:

AT&T Corp.  
Mrs. Dawn Hardt
