Applicant requests a six (6) month (from 12/15/2018 to 06/14/2019) experimental license to conduct fixed and mobile tests using various experimental wireless equipment operating in the 3.5 GHz band at and around 14500 NE 87th Street, 14520 NE 87th Street, 15510 NE 90th Street, 16331 NE 72nd Way, and 7277 164th Avenue NE, Redmond, WA 98052.

Applicant will conduct testing to evaluate network and product performance prior to production under expected use conditions in an actual performance environment. Applicant's testing and the expected experimental equipment would support potential fixed wireless applications, including video and data transmissions.

Applicant's proposed experiments would involve the transmission and reception of signals by and between base stations and user devices within a one (1) kilometer radius of those base stations.
