Re: Concurrence as to Experimental License Application of
AeroVironment, Inc., A2G Communications, LLC, WQZP772 and
KWU510

Dear Sir or Madam:

This letter is to advise the Commission of its concurrence in the experimental license application of AeroVironment, Inc., proposing to use 454.7-454.975 MHz and 459.7-459.975 MHz, for an additional period of one year under authorization WJ2XUP, at the technical parameters set forth in the application, including flight at an altitude up to 80,000 feet at a site located in Lanai, HI. and for laboratory tests at Simi Valley, CA and Moorpark, CA.

Sincerely,

A2G Communications, LLC

By: Michael R. Carper, VP
