Request:

- 2) I will send you a revised version of the NTIA space record data form. Please fill that form out.
- 3) Be consistent when you enter data in NTIA space record data form. Example of the format for Lat/Long you need to follow throughout the form Lat = 465628N Lon = 0675358W
- 4) Make sure the coordinates in the NTIA Space record form and the application match. They appear to be slightly off for few locations.
- 5) Enter The ORB information in proper format. Inclination angle should have 4 characters.
*ORB,98.0IN00510AP00510PE001.58H01NRT01 You entered 52IN00410AP00410PE001.64H01NR
- 6) Inform me via email once you have addressed all the items on the list.

Result:

I have uploaded a new NTIA file. All transmitters and ground stations in same file. All formats the same and correct. Thanks. David.
