Date: July 20, 2020

Subject: Additional Information Request

Message:

- 1) I have filled out the NTIA Space record form and submitted it as Exhibit 4.
- 2) I have submitted as exhibits the two Earth Stations and 2 of the 3 Space Station antenna beam diagrams
- 3) The SpaceCap file will be ready for submission in a day or two.
- 4) We will be sure to correct all of the fatal errors in the SpaceCap file
- 5) We will email the SpaceCap file with the extension of the “.mdb” file changed to “.txt” to nimesh.sangani@fcc.gov
- 6) We have already provided Space Cap cover letter as Exhibit 6. Please LMK if it needs correction.
- 7) Exhibit “12 Analysis of AeroCube Non Interference with Protected 902-928 Band” has been renamed as "12 Analysis of Non Interference with Protected 902 928 MHz Band" and reviewed to remove any mention of AeroCubes.
- 8) All documents have been reviewed and references to AeroCubes have been corrected.
- 9) We have an application with the FAA for approval. It will be furnished when approved.
- 10) All references to AeroCubes, including AeroCube-10 have been corrected.
- 11) With respect to the confidentiality of the NOAA waiver - can we remove this Exhibit altogether?
