Subject: Request for Info - File # 1018-EX-ST-2017

Message:

Item 1:

The application has been updated to fix the discrepancies related to power and frequencies.

I used "fixed and mobile" in the application because the ground station will be in a fixed location while we operate on any given day but the location might change from day to day.

Item 2:

The application has been updated to 3000m for antenna height. This will be the maximum altitude of the aircraft.

Item 3:

Attachments do not require confidentiality. My mistake.
