

## Ground Station Licensing Updates

For Application File 1560-EX-ST-2019, MeshBed, the following updates are referenced:

The FUSE antenna experiment will continue to be supported by MITRE Corporation ground station in Bedford, MA under two new applications:

0770-EX-CN-2019 - an extension of the original MITRE STA for the 5 GHz earth station

0803-EX-CN-2019 – a new STA for the S-band earth station.
