Application Narrative for Proposed Equipment

Proposed Program

Apple is proposing GPS within their buildings for testing purposes.

Objectives

We seek to accomplish the following objectives:

1. Illumination of the part of the facility, located at 785 North Mary Avenue, Sunnyvale, CA 94085 and the other locations designated in the Form 442 application with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies within their devices to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information.
