Subject: Request for Info - File # 0243-EX-CN-2018

Message:

Your emission designator is wrong. It shows a bandwidth of 916 MHz, which is impossible. You also didn't select any emission characters. Your previous application, 0807-EX-PL-0214, used an emission designator of 20H0F1D. Should the emission designator for the current application be the same as the one in the previous application?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 17, 2018 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
