Tony,

I just double checked with our accounting department. They said they went through the online payment process with a credit card, but never received a receipt. We will go through the process again, we have one question though. The payment summary lists two amounts for \$65.00 each. This application includes a confidentiality request, which I thought was \$195. Can you clarify the amount we should be paying. We believe it should be \$65 plus a \$195 confidentiality fee for a total of \$260, not \$130.

Thanks for your help.

Steve
