Subject: Request for Info - File # 0979-EX-ST-2020

---

Message:

Hello,

This is in response to the request to verify frequency dimensions and emission designation. We would like to transmit at frequencies between 100kHz and 1GHz. We are not modulating our signal or transmitting any information. We are simply outputting various frequencies at known power levels and measuring the resulting electric and magnetic field levels. The emission designator should be 1K00N0N.

Thank you,  
Kyle Lyke
