Subject: File Num#0979-EX-ST-2020 reminder on MAG pre-coordination data request

Message:

Hello,

This is in response to frequency coordination with MAG. As indicated by the National Telecommunications and Information Administration, the following frequencies are reserved for MAG and will be notched out during our testing.

225.000 MHz - 328.600 MHz

335.400 MHz - 399.900 MHz

Thank you,
Kyle Lyke
