This is Aptiv's Pittsburgh alternative testing location. Aptiv actively has operations on site along with the testing. Aptiv leases a portion of the real property. There is an agreement in place. For the portion Aptiv leases, it is distinctly noted this is Aptiv's facility. Only Aptiv assets are allowed on the facility testing area to be tested. Aptiv is in complete control of the leased areas. This is not open for anyone to walk through. Third parties who are not expressly invited are not allowed into the Aptiv leased area. Aptiv has staff on site working.

The property is leased by Aptiv. Aptiv is in complete control of the property. This is legally, and operationally, part of Aptiv's real property facilities.
