Dear Madame Secretary:

As an authorized representative of the Palo Verde Nuclear Generating Station, I hereby provide this report pursuant to the Consensus Plan, referred to in the Plant's Experimental License Application and also filed in ET Docket No. 05-345 on May 15, 2007 by the Nuclear Energy Institute and the Utilities Telecom Council in their Supplement to Petition for Waiver.

Specifically, pursuant to Section IV D of the Consensus Plan, I confirm that the Plant has engaged in local frequency coordination, to the extent required, and limited its use of the Telex Equipment to only those circumstances permitted under the Consensus Plan. Further, the Plant has also operated in compliance with the Special Conditions set forth on the License.

Should you have any questions concerning this report, please contact me at (602) 371-5661 or you may contact Kelly R. Amos, IS Regulatory Analyst at 602-371-5252.

Respectfully submitted,

/s/ Linda Z. Vanderbeck
