Importance: High

Correct the 2 fatal errors(see attached report). Also, the 466-470MHz band indicated in the SpaceCap is not allocated for space research. The applicant should select a different frequency band or provide justification and EMC analysis showing how the operations will protect the FIXED and MOBILE services.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of March 29, 2018 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
