Subject: Request for information

Message:

Our Spectrum Coordination Branch is asking for additional information. Please respond to the following questions.

1. This STA request identifies UAS operations. Will Aurora be flying in restricted airspace? If so, they will need to coordinate for the use of this restricted airspace.
2. On whose property is this testing being performed?
3. This location is very close to Spaceport America, and the WSMR extension areas. Has Aurora coordinated with either of these parties?
4. New Mexico State University, Physical Sciences Lab, has a COA for this area, which allows UAS operations. Has Aurora coordinated with them?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of October 26, 2015 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
